

THE LITTLE UNICORN ON HONEYSUCKLE

May Monthly Newsletter

A Warm Welcome

We would like to extend a warm welcome to the new families joining The Little Unicorn on Honeysuckle Community. We have loved seeing the children settle into their new learning environment and develop friendships with their peers.

Exploring Literacy

The Snugglepots, Ragged Blossoms and Gumnuts have been exploring literacy over the past month as they explore letter recognition and writing skills. Be sure to look at our Daily Programs and Monthly Developmental Stories to see what we have been up to!

Climate Education

We recently participated in Climate Education Week to raise awareness for how we can care for our natural environments. The children engaged in exploring natural resources, furthering their knowledge about recycling, and adding plants to the Gumnuts' outdoor learning environment by reusing plastic bottles as self watering flowerpots.

ANZAC Day Celebrations

On Tuesday, 24th April 2018, we celebrated ANZAC Day throughout our Educational Program. The children learned about ANZAC Day through stories and educational experiences, and some of the children also made ANZAC biscuits. We have loved viewing story park posts about how some of the children celebrated ANZAC Day with their families the following day.
