Display Home at 18 Purvis Street, Hamilton Hill | Home Open Saturday 22nd April 11:00- 11:45am

REMARKABLE SUSTAINABLE BUILD

Eco builder busts urban myth about long construction times

Ecovision Homes is a successful family owned and operated business, headed up by a structural engineer and supported by an in-house project management team that is both flexible and responsive. Limited time offer of six lots with a guaranteed build time of 12 months and \$25,000 of free inclusions*:

- / Solar panels and inverter / Water storage tanks
- / 7.5 Star NatHERS energy rated
- / Stone benchtops to kitchen and bathrooms
- / All design and approvals including estate endorsements

House and land starting from \$700,000 - limited time offer to 30th June.

The Ecovision Homes difference

- / Satisfied customers / Tight controls over the building process
- / 45 years of experience in sustainable building practices
- / Developed the simplified 7 steps to sustainability
- / Excellent communication with clients, trades and suppliers
- / Seamless process of architectural design and construct

115 Hamilton Hill / Located on the site of the former Hamilton Hill High School with the aim to create a community of environmentally conscious homeowners. With an elevated position, many of the lots gain ocean views as well as the cool breeze of the "Fremantle Doctor". The area links closely with South Fremantle and Coogee on the coast, with easy access to Perth's iconic beach lifestyle.

"We were so impressed with the speed of our build as we saw other houses being built around Perth dormant for months whilst we had a trade or two on site nearly everyday beavering away at our dream home."
