

01 When leaving King's Cross station, take the exit for Regent's Canal.

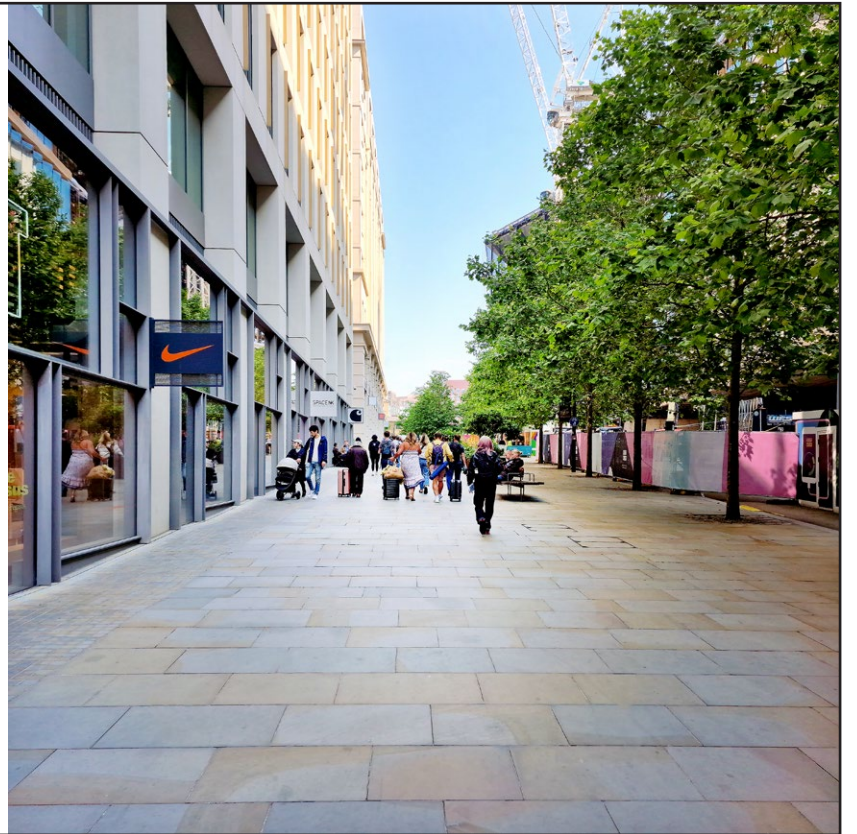

02 In Battle Bridge Place you will find a large birdcage sculpture.

03 From the sculpture, head North up the pedestrianised King's Boulevard.

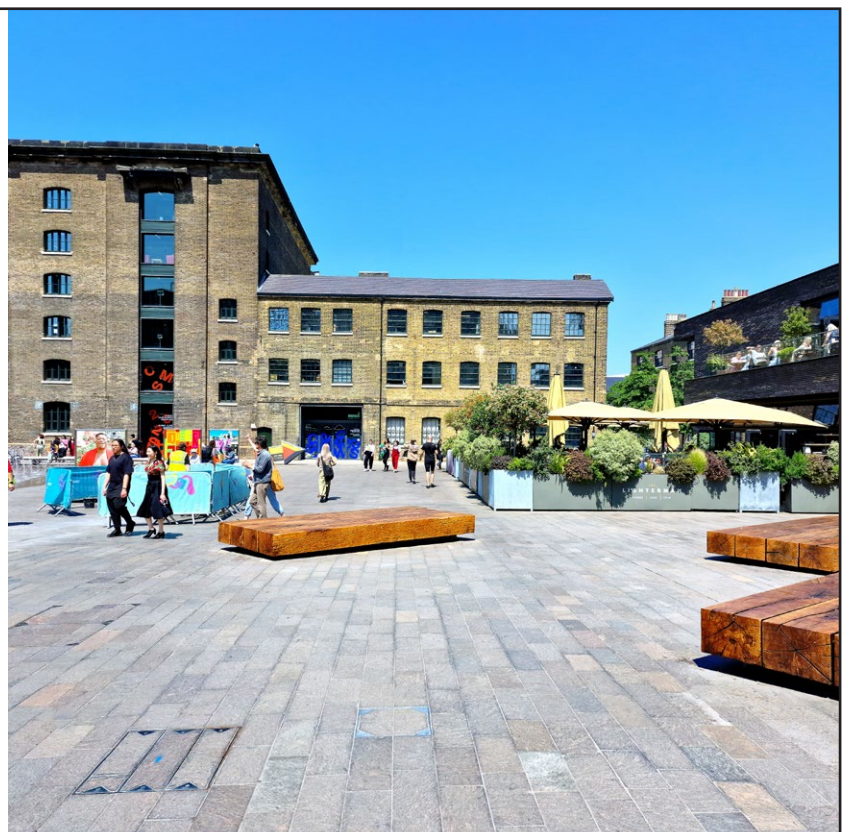

04 Follow King's Boulevard to the very top. It's a straight path with a slight incline.

05 At the top, cross the road then the wide bridge over Regent's Canal into Granary Square.

06 Facing the main buildings, head towards the far right corner, past the Lighterman bar.

07 Beyond the Lighterman, turn right and walk out of the main square.

08 Our building is the next one along, detached and besides a landscaped grassy area.

09 Head to the building's far corner, turn left and you'll see our entrance ramp.
