Vital Chemical

Vital Chemical's Vital Bon-Matt series is a new generation of dust and erosion control chemicals providing efficient and cost effective results.

Vital Bon-Matt HR is a heavy duty and robust polymer emulsion specifically formulated for haul roads, high traffic access roads and hardstand and laydown areas. An environmentally sound formulation for efficient dust control and stabilisation.

Trafficked Surface Dust Suppression Solutions

BENEFITS

- Highly efficient dust control
- Long-term cost-savings
- Improved visibility and safety
- Significant water savings
- Reduced water cart usage
- Increased surface longevity
- Cures in hours and will not remobilise
- Certified as non-hazardous
- Durable long lasting stabilisation

Vital Chemical's industry partner H2flow Hire provides turn-key applications of Vital Bon-Matt products throughout Australia.

Vital Chemical provides products which enable our clients to adapt best practice technologies to mitigate the environmental impact of mining and civil developments. Vital Chemical's products are designed for ease of use without the need for specialised equipment.

HEAVY DUTY DUST SUPPRESSION TECHNOLOGY SPECIFICALLY DESIGNED FOR ALL MINING, CIVIL, CONSTRUCTION AND UNSEALED PUBLIC ROAD SURFACES
